The Rules of the Game

The Best Rules Are:

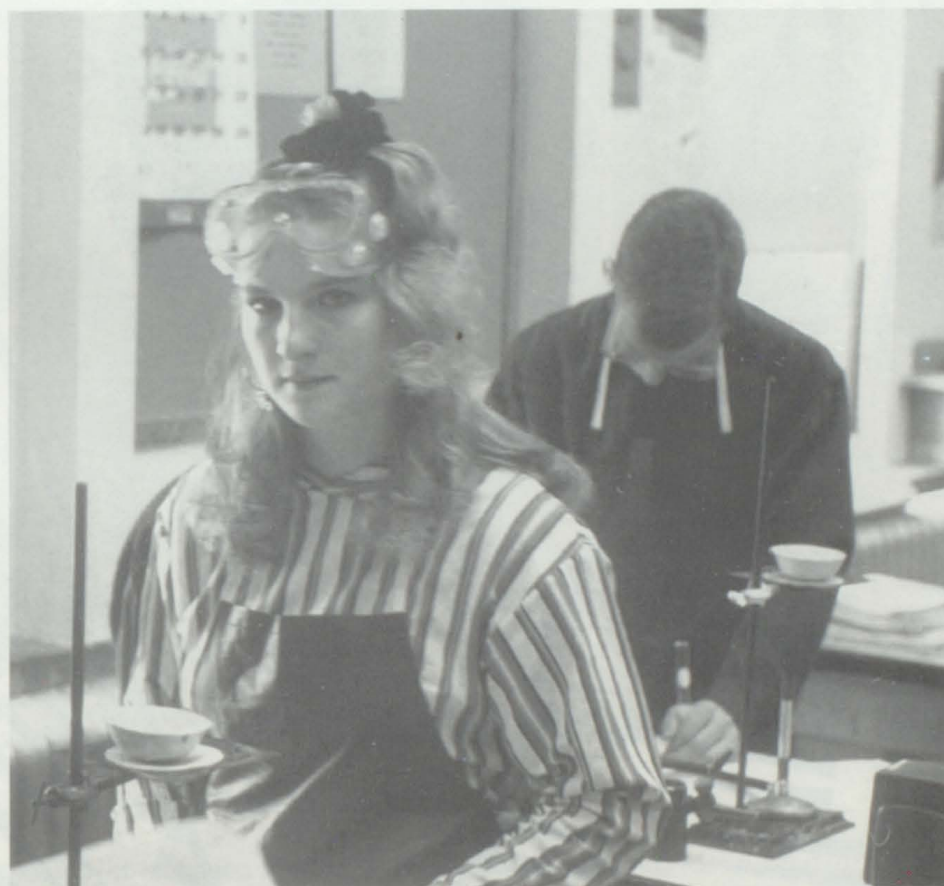

1. Senior privileges
2. Dating
3. No curfews
4. You're only guilty if you get caught
5. You have the power to change the rules

The Worst Rules Are:

1. No yelling "fire"
2. You have to stay between the lines
3. No riding in the back of pickups
4. Going to school
5. No speeding
6. No sitting in the halls

Dancing the night away at the dance in the EHS gym. Looks like fun huh?

Let the games begin!

Guessing Game

Can you guess the seniors on the page? Not included are Jackie Bernard, Heidi Knoll, Justin Martin, Christie Rall, Ronica Retzlaff, Eric Stefanowicz, Darryn and Darryl Tank. The answers can be found in the back of the book.

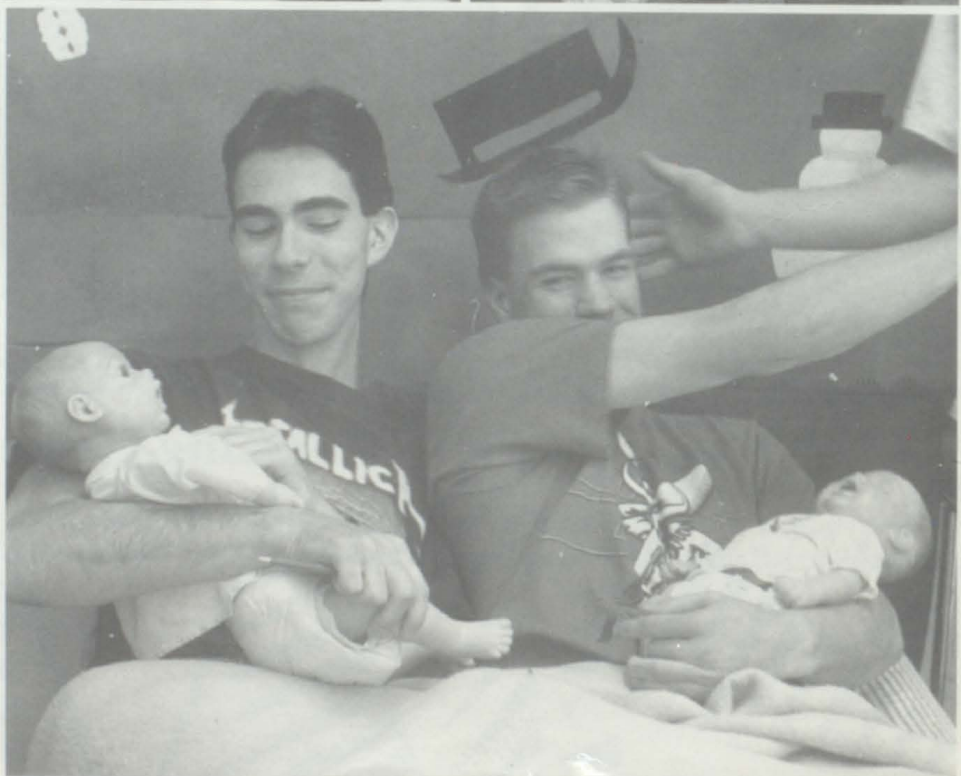

Clockwise from upper left:
 Scott dashes away from the camera!
 Rebecca, "Think you can beat me at this game?"
 Barry, "Is it over yet?"

Nicole and Jennifer taking a time out
 Eric and John, "Do you think she has my eyes?"
 Lana and Jennifer fascinated by the players of the game!

Class of 1994 Final Thoughts

The senior class of 1994 is preparing to move on to the next level. Soon it will be time for prom and graduation, and then we'll pursue our separate goals. Some of us will go on to college, and some of us will begin working, and others will seek the meaning of life. As we go, we turn back for a moment to look at all the memories made at EHS. From the start we've had a rough road to go. Life has put many obstacles in our way. From fights with friends and parents, to overcoming failing grades, to surviving the process of growing up, we've had to fight our way through life. Through it all we've made lasting friendships and some unforgettable times have happened here at EHS, like our first dance, or first boyfriend or girlfriend, or just trying to survive our first year of high school. As we all go our separate ways, we will look back with pride at our days at EHS, and have 18 years of memories to take us through our next stage of life.

Act as though you were to live forever, and live as though you were to die tomorrow.

Advance to Go

The junior year is the most hectic year of high school life. From fundraising, decorating, and planning for prom, to getting ready for college, the juniors never seem to have time for much else. Well . . . almost. "The junior year is so piled up because we have a lot more to think about. Such as what college to go to, which tests to take, etc. You have to make time for fun."

— Joy Fledderjohann

"Procrastinate long enough so that you have fun and not think about what you have to do later."

Enjoying the Game

The sophomore year is one of the best years of high school. Sophomores are not the "lowest men on the totem pole," and yet they do not have to worry about being stuck with a bunch of "immature kids." Also, to make it even better, they do not have to think about what college to go to, but understand all the "ins and outs," of high school life. Sophomores can just sit back and watch the freshmen get picked on, the juniors fund raise for prom, and the seniors suffer from chronic senioritis. Enjoy it while you can, sophs, because time flies when you're enjoying the game!

A 'Fresh' Start

In their freshmen year, the class of '97 got more choice of their classes and they are finally out of junior high. Science class one day, the class went out to the baseball field and set off the rockets they had made. Though it was a lot of fun, one flew over to a near-by field and set a fire. Firemen rushed out there and put it out. Through the year the class of '97 has grown closer even though old friends leave and new ones come.

Learning the Rules

The 8th grade class this year was a very enthusiastic group of kids playing the game of junior high. However, just when they learn the rules of junior high, they are advancing one space more next year. They love being with friends, going to games, and having great times at EHS. The 8th grade sports this year involved basketball, football, wrestling, cheerleading, and junior high drill team.

At semester time two new students, Amber Cooper and Liebe Fledeerjohann, joined the class.

Same Game New Rules

Seventh graders faced a lot of changes this year. Some of the biggest changes were lockers, new teachers, and a great big building they were not used to. The consensus seemed to be that the biggest change between sixth and seventh grade is having more freedom.

The new classes were different also. For instance, there was that frog that you've always wanted to dissect in science, right? Well, maybe not, but many of the kids said that they thought the new classes would be a lot harder than they turned out to be.

One of the changes they would like to see is not having to be last in the lunch line. Barbara LaMont said, "The seniors are used to waiting so let them be last!" Trevor Kronberg said, "being able to pick a homecoming candidate," is one of the changes he'd like to see.

When asked if they could describe their class in one word, some of the responses were: talkative, obnoxious, weird, loud, different, and athletic, which seemed to be the most popular. Amanda Maly said she'd like to be remembered, as an active and popular class.

The seventh grade class likes to play games, so they should enjoy this one, too.

I.T.V. Added

This year the EHS faculty had a new member . . . I.T.V. The interactive television system began operations during second semester. Faculty members who taught classes on the network were Miss Bosch and Mrs. Petersen. Students were able to take classes in subject areas such as art, animal science, business, and home economics that otherwise would not have been offered.

The regular staff, however, was still working just as hard as usual. Five days a week these people have to deal with other people in the best way that they know how, and some even do it after "school hours" are over.

Musical Chairs

After thirteen years, Mr. Smith reaches the coda of his high school teaching career. Ron Smith resigned from teaching full-time for the public school. Next year, he will continue teaching elementary music and will develop his professional music skills.

The high school and junior high choirs had an excellent year. The Christmas concert was very well attended. The theme of the Pops Concert was "Gong Show." The panel of judges gonged the bad acts and the audience loved it! The girls ensemble, consisting of all the girls in swing choir, sang at most of the churches in town and a few out of town.

The choral program also participated in KEOE and competition. Our year ended with the spring program on May 10 where the audience was treated to a choral, band, small ensemble, and solo concert.

JUNIOR HIGH MEMBERS — Seventh and eighth grade music met second hour alternating with physical education. A junior high choral concert was held in May.

And the Band Played on

Playing is what the Ellendale High School Band does best, playing music that is. Throughout the year they have made up for their small numbers by practicing hard to turn out stunning performances.

The band started out the year by practicing for the Gypsy Day parade in Aberdeen. It was only a couple weeks after school started so they had to practice hard to learn the song and get back into step. Since there was a change in the scheduling for the year, band was only every other day. All the hard work paid off, however, and the band received a decent score at the parade. After the parade the band had to practice for pep band to cheer on all the athletic teams.

The winter concert was in December at which the band did very well. Right after vacation was over the band was back to work to prepare for the pops concert. They also put together a small jazz band which did very well even though there were very few practices. It was a new experience when the band combined with Kulm, Edgeley, and Oakes for KEOE. The big event of the year was the spring concert. The high school band combined with the junior high band for two wonderfully put together pieces.

The junior high band also had a good year and had a lot of fun, too. Both bands were conducted by Miss Labesky who left at the end of the year to teach in Frederick, South Dakota.

Tossing the Dice With CASPER

Hi, we're members of CASPER! Everyone is always asking us what CASPER stands for. CASPER stands for Caring About Students Problems in Everyday Reality. We play a lot of games every year. As a group we sponsor the carnival that is held in the gym with lots of fun and games for kids of all ages to play. At the beginning of each year we sell candy to raise money for our group

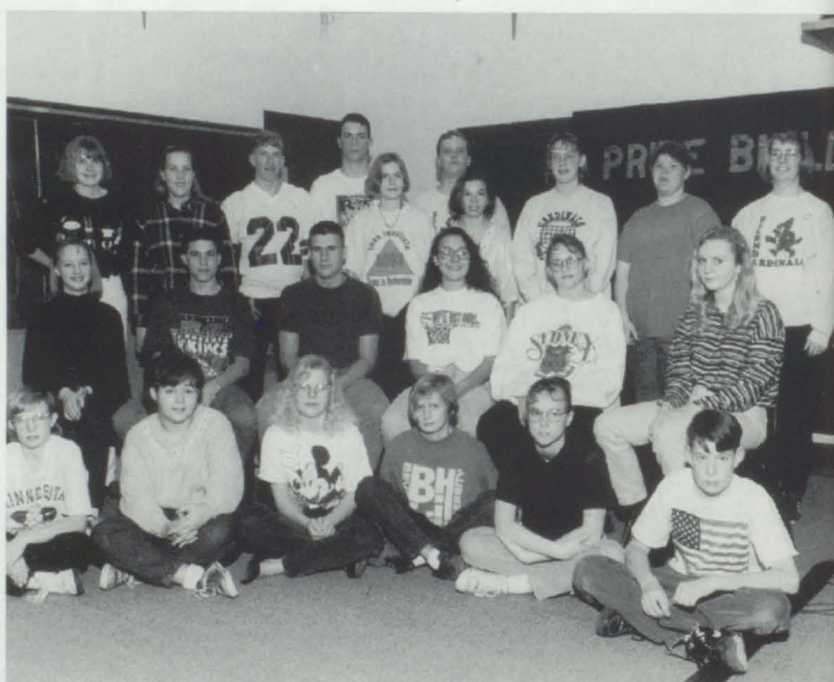

and to send students to Teen Institute. Along with selling things we also have a couple of dances every year to help raise money to send students to Teen Institute every year held in the summer at Valley City State University. Teen Institute is held for five days in the summertime. At Teen Institute we learn how to display our feelings about matters such as drugs and alcohol along

with sex. We learn how to resist peer-pressure and to develop a new attitude about ourselves. The experience of being at Teen Institute is overwhelming, the people you meet and new things you learn and do will be in your mind forever. You also will experience working in a group with others to learn good Communication skills. Those of us in CASPER have experienced

what it was like at Teen Institute and have brought a new attitude about our friends as well as the community of Ellendale. CASPER as a group, tries to look out for each other as well as others in our school who may need our help. Each year more and more students will dedicate themselves to making Ellendale a safer and friendlier place for future generations.

The kids sure are having a lot of fun at the 2nd annual CASPER Carnival.

On a dusky day in November, the students of Ellendale High School slowly went into the gym. Finally as everyone found a seat, the curtain opened and the play began.

"The Cinderella Syndrome" starred Joy Fledderjohann as Cinderella, Val Brandenburger as the stepmother, Andrea Dodd (Brunheilda) and Anna Prettyman (Esmeralda) as the step sisters, and Beth Wagner as the godmother. The one-act play is the story of Cinderella with a new twist and was written by V. Glasgow Koste and directed by Mr. Myron Masset. The play, which is set in the early 1900's in the home of Cinderella was convincing enough with costuming and sets. Tya Eastman and Jason Maier served as set crew.

The drama team participated in Region VI contest in Gackle against seven other teams.

Student Council

The 1993-94 Student Council had a routine year. During regular meetings, school business was discussed, such as the consortium and improvements for the school. The Student Council sponsored many events throughout the year. The Snowball, Homecoming Week, and the Christmas movie party are just a few. Student Council elected officers at the beginning of the year. These officers were: President — Scott Hansen, Vice-President — John Beringer, Secretary — Val Brandenburger, and Treasurer — Tosha Kronberg. Student Council hosted many of the lyceums held, which were attended by not only the school, but also by the community.

Seventeen EHS students and Advisor Mr. Graf traveled to Washington, D.C. March 20-26 for a Close-Up look at the US government. This was the seventh year Ellendale students participated in the program. Those students who attended Close-Up were very busy raising money (or at least parents were). The students sold fruit door-to-door and sold pizza at the Regional Wrestling Tournament. Other prosperous fund raisers were the Spaghetti Dinner and the Annual Potato Feed Dinner. The Masonic Lodge and Eastern Star matched funds raised at the potato feed. Many of the students had a wonderful time, some of the highlights included a surprise appearance by President Clinton on Capitol Hill Day. Another exciting time was riding the Metro on our free day. None of us got lost. Most of them enjoyed many of the popular sites. Most of the Close-Up students had a wonderful time and said, "It's a worth while trip."

Sadie Glynn, Shelly Rall, Roxane Schock, Donnah Hoffman, Jessica Hafey, Deb Hoffman, and Val Brandenburger take a minute out of the busy Close-Up schedule to pose in front of the Iwo Jima Memorial.

FHA, JETS

Small Groups Hardworking

The Future Homemakers of America, under the direction of Mrs. Marla Petersen, was small in numbers this year, but that did not stop them from carrying out several projects during the year.

The group presented a skit during Homecoming Week, served the Dickey Rural Telephone Annual Banquet, ran a booth at the CASPER carnival, and wrapped dozens of carnations during their annual Valentine carnation sale.

Meetings were often held during the noon hour with sack lunches as most of the girls were actively involved in other school activities.

Three senior girls, Nickie Frigen, Becky Terrell, and Sasha Klipfel, were involved in JETS this year. They got a taste of what teaching elementary students is all about by working in the classrooms with the elementary teachers. The girls certainly did learn how to use the office copying machines.

Mind Games

Ellendale High School has always taken a lot of pride in their yearbook and this year the people who create it got to work a little differently. Journalism was offered as a class and anyone in the class was automatically on the annual staff. In past years it has been offered as an extracurricular activity and as an extended class offered in the morning. Because of the changes the number of people on the annual staff has gone up and because of this they have been able to do more and do it a lot better.

The theme of this year's yearbook was "Mind Games" so everyone worked hard to incorporate it in everything they did for the yearbook. They taxed their minds and set aside the games so that they could work on creating a masterpiece. Writing stories, taking pictures, and drafting layout designs until they had it just right so that it could be sent off to be published.

The annual staff worked hard this year to create memories of the EHS 1993-94 school year for the student body.

Gridders post 5-4 Record

The 1993 Cardinal football season began sluggishly as there weren't many players participating. The numbers increased as the season progressed.

At homecoming the Cardinals defeated a much larger and more experienced Napoleon Imperial squad by a score of 20-12. The Cardinals' passing game outdistanced the Imperials and the defense kept them to only two touchdowns.

The most notable game of the year was a surprise upset over Strasburg-Zeeland, 14-8. The Cardinals' defense and offense overpowered the 2nd rated team in the state and the players came away from the game with a feeling of Cardinal pride. What a way to end the season!

Seniors Scott Hansen, Jason Maier, Justin Meidinger, and John Beringer were named to the All-Region team. Senior Pat Ulmer and Sophomores David Maier and Nathan Sand were named to the Honorable Mention All-Region team. Eric Stefanowicz served as student manager. All the seniors spurred the Cardinals on with team leadership.

This year's junior high football team played a good season and learned a lot. Their record was 2-2-1, with wins over Frederick and Edgeley-Kulm, loses to LaMoure and Edgeley-Kulm, and a tie with LaMoure. Their biggest game was against Edgeley-Kulm the second time they played them. Ellendale beat them 22-14 getting their revenge. Grant Petersen was the leading scorer on the team, but everyone improved greatly.

Beating the Odds

Kerri M. jumps up to tip the ball to a teammate in the game against Edgeley.

It had been ten years since the Ellendale girls' basketball team had had the thrill of playing in the regional basketball tournament. And according to pre-season press predictions, it was not very likely to happen in the 1993 season as six seniors had been lost to graduation. The team was well-rounded but short-guarded, according to Coach Tim Graf.

By mid'season the team did not seem to be regional bound with only three wins heading into the South-eastern Conference Basketball Tournament. That did not stop the team from working hard to prove their true talent though.

With fire in their eyes, the team entered district tournaments at Jamestown and defeated Edgeley in first-round action. Despite a loss to Gackle-Streeter in the next game, the team rebounded in the double elimination tournament to defeat North Central and gain a berth in the Region V Tournament.

The team suffered an overtime loss to Napoleon in first-round regional action to end their season but they had proven their true capabilities. The lady Cards were led by senior members Jennifer Frigen and Brandi Zahn, captains, and Nickie Frigen.

This year's junior varsity lacked in experience because of the loss of starters to the varsity. Several of their games losses were within a five-point margin.

"The Air Up There"

Loss of key players due to injury or illness during season and post-season games resulted in an emotional roller coaster of a season for the Ellendale Cardinals boys' basketball team. Inability to advance to regionals or to bring the cowbell back to Ellendale somewhat overshadowed the 12-10 season record. The Cardinals, coached by Rick Hack and assisted by Darren Thielges, were led by the seniors Scott Hansen, Jason Maier, Justin Meidinger, and Pat Ulmer. Maier finished his EHS career with 1500 points. Hansen set a school record of the most 3 point shots in a game: 7 against Gackle-Streeter. Both Hansen and Maier were selected to the all-District and All Conference teams.

In the first annual Holiday Basketball Tournament held during Christmas break at the Ray Ulmer Fieldhouse, the Cardinals finished second, losing the championship game by one point. Although the team was lead by the seniors, the Cardinals had a lot of depth coming off the bench and can look forward to a promising season next year.

Twister

The wrestling season of 1993-94 was not a typical year. As Ellendale-Edgeley co-op went into its second year, they were also joined by Kulm. Each member of the team showed determination and ambition throughout the year. For many of the team members, it was their first year. However, for others it was another year of hard work and commitment. Throughout the year, it seemed more entertaining to watch the wrestlers struggle with their weight than to watch the matches. As the year progressed it narrowed down to four wrestlers moving into state competition. These four wrestlers were Dallas Mathern, Nathan Kupfer, Kelly Fischer, and Mike Thorpe. The seniors who won't be returning next year are Ed Clemens and Dallas Mathern. Congratulations to all the wrestlers on a year of hard work and we look forward to another year.

Slam 'n to the Top

The game might have been the same, but the team was definitely different. For the first time since the sport began at EHS, the girl's volleyball team accomplished the following: beat Edgeley, placed second in the invitational tournament at Oakes, and made it into the regional tournament. Under the direction of Coach Kim Heinz, the team also posted a record of ten wins and eleven losses, the best of its history at EHS.

The team defeated Wishek 3-1 in the play-off game to earn them a spot in the regional play. In their first regional game against Napoleon the ta-

bles were turned and EHS was defeated 3-1 to end the season.

Foreign exchange student from Brazil, Patty Cury, was named to the All-Region team, as was EHS junior Tina Deitemyer. Tina was also named to the All-Conference team, along with junior Jessica Hafey. The team benefited from the senior experience of Christie Rall, Beth Wagner, Roni Retzlaff, Heidi Knoll, Brandi Zahn, and Melissa Cury.

The junior varsity squad, coached by Jill Tatum, posted a winning season of 9 wins and 4 losses and show promise for the volleyball program next year.

State track qualifiers wave to the crowd in the parade of champions during opening ceremonies.

The Ellendale track team had to battle the wind and the unpredictable weather of North Dakota. The team was young, but also had experience on the varsity for both girls and guys. There were more numbers out for track than there had been for many years in Ellendale with junior high making up the majority of the teams.

The boys' team ran well and met their team goals. Justin Meidinger qualified for the state team in the 100 meter dash. David Maier in the 800 meter run, and Adam Tvedt in the 3200 meter run. Senior boys participating this year were Jason Maier and Justin Meidinger.

The girls' team finally found the right relay combinations to qualify for the state track meet in the 400 meter relay (Marlo Miller, Jennifer Frigen, Roxane Schock, Julie Brandenburger). 1600 meter relay and the 3200 meter relay (Roxane Schock, Kerry Mahler, Ronica Retzlaff, Christie Rall). Ronica Retzlaff also qualified in the 800 meter run.

Senior girls participating were Heidi Knoll, Jennifer Frigen, Nickie Frigen, Ronica Retzlaff, and Christie Rall.

Senior Justin Miedinger held the fastest time in the 100 yard dash in the state during the regular track season, but lost the state race by a tenth of a second. Cardettes

The 93-94 year was an exciting one for the Cardettes. The team consisted of 1 junior, 5 sophomores, and 3 freshmen. Team captains were Tosha Kronberg and Alicia Petersen. The Cardettes competed in the ND State Competition on January 29 at the Bismarck Civic Center. They placed 3rd in the High-Kick Precision category and 1st in the novelty division. Their novelty ideas was based on the "Rocky" theme. The Cardettes held their Spring Program on March 4 at the Ray Ulmer Field House, and to the end of the season, the team performed at the Class B State Basketball Tournament as half-time entertainment at Bismarck.

The spirit of EHS soared this year, and no one noticed quite as much as a cheerleader. From the posters put up to support the teams, to the deafening roar of the crowd during games the students and parents cheer on the team no matter who we play or where we play them.

In past years, the students and parents usually focus their efforts on one or two sports, but not this year. The spirit was present at all of the sports.

The Homecoming week was a prime example of how much spirit pumped through the veins of EHS. As I walked through the halls during the week, I could see the amount of students who dressed up for the occasion and the posters put up by different classes in an attempt to capture the Spirit Award. Then, at the pep rally, the cheerleaders were ready for another year of trying unsuccessfully to get the crowd ready to cheer on the teams, when something strange happened . . . the students cheered! They actually yelled with us! From that point on, we knew this year was going to be different from all oth-

ers.

The Homecoming Game went as exceptionally well as the pep rally and we won! I couldn't say for sure, but I do believe the spirit and the support from the crowd helped just a bit.

The girls' basketball game was on the next day and usually, the girls are forgotten about during the Homecoming week, but not this year. The seniors and Mr. Graf, the coach, spoke at the pep rally in hopes to get more people at the games to support the team, and it worked. On that Saturday night, the students and spectators at EHS put on their best show ever! The game was a close one and even though we added a loss to our record, the crowd kept behind the girls throughout the whole game.

The spirit did not stop at Homecoming week. It was present at almost all of the games this year. Of course, there were those games when the only EHS fans there were parents because the game was so far away, but then again, I've been wrong before. At least this time, I couldn't be happier to be wrong.

Jr. High Sports

Fun 'n' Games

Competing in sports on the junior high level is fun, but also quite a learning experience. For some of the athletes, this is the first time to play on a competitive level and the first time to learn what teamwork is really all about.

Both junior high boys' and girls' basketball teams had a large enough number of participants to warrant separate seventh and eighth grade teams instead of the combined teams of some years.

The girls' team, coached by Mrs. Kim Heinz, played in a junior high tournament at Gackle as well as in the Y Tournament at Aberdeen.

The boys' team, coached by Mark Thielges, was involved in tournament action in Wishek and Aberdeen and the seventh grade team participated in several invitational non-school-related tourneys as well.

For the first time since girls' volleyball began, a separate junior high season was held as a result of large numbers out and the need for gym space. The girls played in several Saturday round-robin matches with area teams and did quite well.

All the junior high teams show promise for the future.

Maier, Retzlaff Crowned

Jason Maier and Ronica Retzlaff were crowned the new homecoming King and Queen for 1993. The other candidates were Christie Rall, John Beringer, Brandi Zahn, Justin Meidinger, Sasha Klipfel, Scott Hansen, Beth Wagner, and Pat Ulmer. The 1992 Royalty, Jer Ulmer and Shila Lampl said a few words before the new Royalty was crowned.

Some of the week's activities for the homecoming were the dress-up days and coronation. The dress-up days were as follows: Monday was Twin Day, Tuesday was Dress-up Day, Wednesday was Hunting Day, Thursday was Toga Day, and Friday was Red and Black Day. The students who got best dressed for the days were Julie Brandenburger and Leigh Urbaniak for Twin Day, Chris LaMont and Amy Beckius for Hunting Day, and Laura Dallman and Nick Lonski for Toga Day.

One of the highlights of the coronation was a sequel to last year's music department skit. "The Flower Show" was about a fake coronation with some pretty strange characters. Miss Cottonwood played by David Maier was crowned Queen and Mr. String Bean played by Kardell Blumhardt was crowned King. The week's activities ended with the homecoming football games on Friday night with a dance following it.

Great Minds Compete at '94 Science Fair

We got kids, we got projects, we got judges, let's have a science fair! That's exactly what happened on February 22, 1994. One hundred and fifty-five high school and junior high students came together in the Ellendale High School Gym to show off the projects they spent the last few months (or weeks, or days, or hours) working on.

This year's science fair was just as good as ever but there were a few modifications. Mr. Sykora, who is in charge of the science fair, explained some of the changes. There were 2 or 3 responsible for the whole high school and junior high.

Another change was the awards system. In the past there has been a grand champion, 1st, 2nd, 3rd,

4th, and 5th in a junior high division and a senior high division. This year there were 5 awards given in the 7th grade, in the 8th grade, in the 9th grade, in the 10th grade, and in an 11th and 12th division. Then the judges decided on a junior high grand champion, 1st, 2nd, and 3rd and the same for senior high.

Each student was judged on a point system of 100 total possible points. There were different areas where the student could earn certain amounts of points. For example, for the title there was a total possibility for 5 points and for the experiment itself there was a total possibility of 15 points.

The overall winners in junior high were: Grand Champion — Mary

Deitemeyer, 1st — Mitch Merkel, 2nd — Adam Sand, 3rd — Lindsey Martin. The overall winners in senior high were: Grand Champion — Scott Hansen, 1st — Mark Munyon, 2nd — Julie Brandenburger, 3rd — Jeremy Lee and Shelly Rall.

This year's winners all advanced to Regional Science Fair on March 11 in Jamestown. From there Scott Hansen, Todd Petersen, and Brent Grueneich all advanced to state science fair in Bismarck. Scott's project was "Does Fertilizer Have An Effect On Lakes and Streams?" Todd's project was "Oil Synthetic vs Conventional." Brent's project was "Cross Breeding." At the state science fair Brent Grueneich received a \$10 gift certificate from the North Dakota Cattlewomen Society.

A Whole New Game

[Editor's Note: The following story was written by exchange students Melissa and Patty Cury in their own words.]

By now you know my name is Melissa Cury, and you also know my sister Patty and I are exchange students from Curitiba, Brazil. How we decided to do this exchange program was kind of interesting. Since I was 13 or 14 years old I have wanted to be an exchange student, but I never got a chance. One year it was because of school, another because my parents did not feel this was a good idea, and the years just passed. In May of 1993 Patty, my parents and I were in the supermarket doing some shopping when I came up with the idea again. Like usual they did not think maybe would be a good idea, but we started to talk more about it.

At that time my parents were thinking of moving to the beach where they have their business, and Patty and I were supposed to live by ourselves in Curitiba. They didn't like the idea of us living by ourselves because of the violence and crimes in our city. We also had to think about the cost to rent an apartment, go to private and English school, gas, insurance, and other addi-

tional costs. I figured out the cost would be almost the same to live in Curitiba for one year as it would be to live in the United States for one year. This was my magic password to persuade my parents. Finally we decided to do it. We contacted AIFS, and Exchange Student Program agency, and started to fill out all the papers, applications, etc. We had just two months to prepare every single thing, but we made it on time. We left Brazil on August 12th, 1993. These kinds of things are so strange sometimes, because with all the excitement you don't stop and realize what kind of an "adventure" you are beginning. I mean you can imagine yourself taking a plane by yourself, flying throughout the United States without knowing much English. You can imagine coming to a place you never know nothing about, and living with a family that you know nothing about besides a couple of pictures?

In the beginning we had a hard time with the language, the people, and even the food. The school was pretty hard too. The school staff didn't believe that we could do it, and in the first two months we had to study a lot. After that it was ok.

We learned more of the language and we passed all our subjects. I had to "fight" a little bit to convince the school to let me graduate here. The problem was that my local coordinator didn't believe that I could and I had to get all the necessary papers all by myself because I couldn't count on the Exchange Program help. Mr. Graf, the principal, and Mrs. Burkhardt, the counselor, were very nice and patient. We worked it all out and now I will graduate in May. This is fantastic for me. Besides school, we don't have much to talk about because here, our lives happen around the school. Our social life was kind of boring this year. We are not complaining about it because we already expected this. This was what we missed most: our friends, places to go with them, somebody to talk with, and a little bit more freedom. But the important thing is that we have made some good friends here and I am sure we will miss them when we leave.

Being foreign exchange students has been very important to us. It has made us more mature and given us confidence in ourselves to solve our own problems. We were pretty much on our own without Mom and

Dad to ask to do things for us, principally my family the Drafahls. They were always there for me through every problem that I had, comforting me every time I needed it. Most important was that they trusted me and supported me in all my decisions. I am sure that without them, the Drafahl's my year in America would not have been the same. They will always be my second mom and dad.

Patty and I would like to thank all of you at school and at church who played, joked, listened and were being patient with us. We appreciate that very much. And we know that the next exchange students coming will feel the same way, because we know you are very nice people. Specially Miss Tatum, Mr. Ulmer, Miss Bosch, Mrs. Burkhardt, Mr. Graf, and Mrs. Brown who proved to be very, very kind with us in our most difficult times. Bye, Bye!!!

P.S. If you want to go down to Brazil, it would be a pleasure to receive you at our house. It is the least that we can do for you after what you have done for us this year.

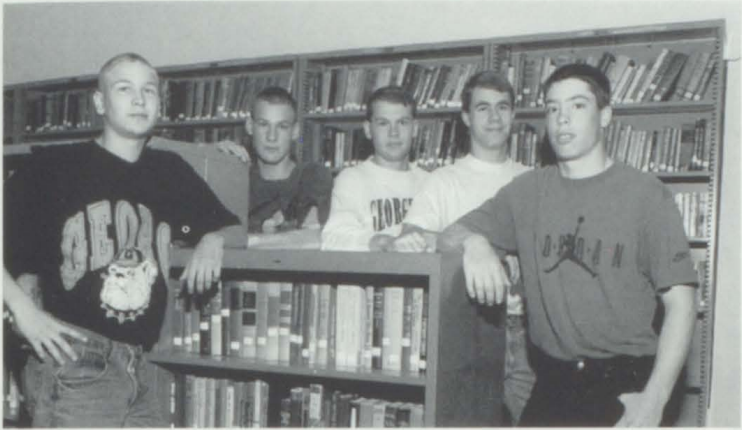

Senior exchange student Melissa Cury earned her high school diploma while a student at EHS. She is all smiles over her achievement. One of the new experiences of exchange students is the prom. Above, Patty Cury, poses for the camera before the dance begins.

Every Game Has a Leader

On Saturday, June 4, seven girls left for UND campus at Grand Forks to attend the 48th Annual Girls' State. Throughout the week of June 4-10, Tammy Berheim, Val Brandenburger, Deb Hoffman, Donnah Hoffman, Tosha Kronberg, Tina Deitemeyer, and Shelly Rall got a hands-on experience with city, county, and state government. Many held city and county offices, and Donnah ran for a state office. As friends were made from across the state, they were exposed to different ideas and beliefs. One thing they left with on Friday was a definite positive outlook on the future of North Dakota and the rest of the nation.

During the week of June 11-18, Jim Schmidt, Adam Tvedt, Bob Hagen, Josh Beringer, and Kardell Blumhardt attended Boys' State at the NDSU campus in Fargo. They participated in the same type of hands-on activities as did the Girls' Staters, with the exception of a dance on Thursday, June 16.

National Honor Society

The members of the National Honor Society are chosen by high standards of Leadership, Scholarship, Character, and Service. They must also maintain these standards throughout their high school years. This year there was an unusually large number of students inducted to the NHS. These new members were Josh Beringer, Sadie Glynn, Tosha Kronberg, Jess Hafey, Tina Deitemeyer, Joy Fledderjohann, David Maier, Kerry Mahler, Steve Kaiser, Sarah Walsh, Alicia Petersen, and Nicole Brown.

Jason Maier, Jen Frigen, and Val Brandenburger induct the new members of the NHS at the Awards Ceremony on May 19.

A Meeting

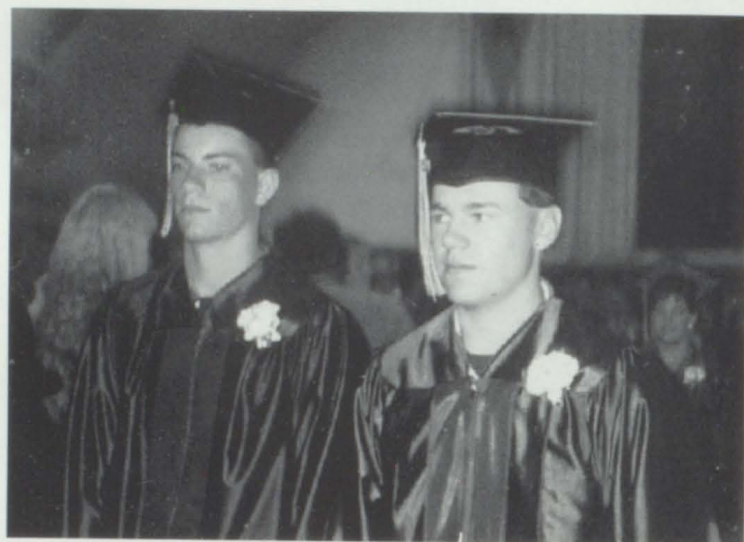

Graduation Is?

Graduation is a time of new beginnings. It is also a time when we all take a look at our past and remember all the things that have happened from kindergarten through our Senior year.

As the ceremony progresses we wonder what each of us will be doing five or even ten years from now. Looking back we can remember all the good and bad memories we shared throughout our years together.

Getting to the final moment was pretty tough however. All of us had our ups and downs and laughs and cries but that has only turned us into better people now. There were many times when we wanted to give up and quit playing the game but then one of our classmates would always come along to try to cheer us up.

Our class stuck together throughout the years. Despite some small squabbles, we backed each other up and always looked out for one another. If there is one thing the class of 1994 knew how to do, it was to support one another in times of trouble and put our focus into the future to make us better people.

Act as though you were to live forever and live as though you were to die tomorrow.

She Had a Mind of Her Own!

Heidi Knoll came to Ellendale at the beginning of the school year from California. Along with her she brought a unique personality of enthusiasm and school spirit. For example Heidi could always be recognized in a crowd of people at a sports activity because she would always be the one yelling and laughing not to mention leading the crowd cheers for our team. While in Ellendale Heidi was involved in many activities. She was in volleyball, track, and a girls' basketball manager. She always said that she would have to be doing something or she would drive herself crazy. She was also a very sociable person; everyone would always see her out and about at various locations just hanging out and enjoying her life. She lived each day as if it were her last.

Heidi was admired by many people because of her courageous attitude, not being afraid of trying something new. If there was some new style out Heidi would be the first to wear it. She also brought her own style to Ellendale, every now and then you would see someone trying to be like Heidi. But no one could compete; she was just too into being herself. Being herself was one of the best qualities in Heidi. She didn't care what other people thought; she just wanted to be unique and stand out in a crowd.

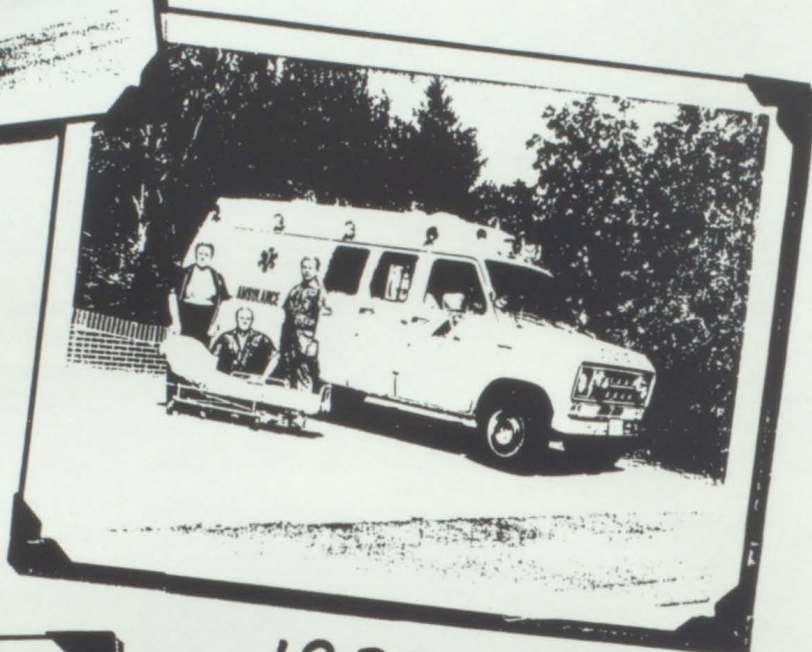

Then a tragedy struck Ellendale. On May 21, 1994 a day before her high school graduation, Heidi was killed in a car accident near Merricourt. Her death was a tragedy because it happened to someone as young as she was. She had her future all planned out: she was going to study to be a lawyer, and if you ever had an argument with Heidi you would know why. It was a death that anyone who was close to her will always remember. Don't try to forget her but try to remember her for the way she could make people smile and laugh and the way she taught people to be themselves.

The Game Is Over

A game was created at the beginning of the school year and played throughout the school year. Each player set a goal for him or herself and at the end of the school year they may or may not have reached the finish line. They may have decided to stay in the present and not move on into the future or they may have decided to go on with their lives. This yearbook was created to let everyone remember all the games played in their lives and to work towards the finish line in pursuit of happiness. Everyone at some point in their life will look back and reflect on all the memories made and the state of mind that you were in the year 1994. To all of you, good luck in the long race ahead into the future.
